

BRADLEY VICTORY!

Kentucky's Honored Son Organizes the State Convention at Louisville.

Special to Public Ledger.

LOUISVILLE, Ky., April 17th.
The friends of Governor Bradley got first blood through temporary organization of the Convention.

Judge Thomas Z. Morrow, the Governor's brother-in-law, was made Temporary Chairman, beating Hon. George Denny of Lexington.

The vote stood—
Morrow 533
Denny 742

Majority for Morrow... 91
This leaves Bradley only 17 votes short of a majority of the whole number of

Delegates in the state, while McKinley needs 108 votes.

The total number of Delegates is 1,690, and the foregoing vote shows 1,575 voting—124 short of the total.

It is hardly within the range of possibility that McKinley can get 108 out of that number.

If, however, no more votes are cast at any time than were cast for Temporary Chairman, Bradley will have a safe majority throughout.

In the temporary organization Governor Bradley's friends captured the several committee memberships from the Ninth District.

A SAD DEATH.

C. T. Hilleary, Aged 27 Years, Died Wednesday.

BRIEF SKETCH OF DECEASED.

At 4:30 o'clock yesterday afternoon there passed from earth to an immortal life a young man beloved by a large circle of genuine friends—Mr. Charles T. Hilleary.

For the past two months he has been house-bound with a complication of diseases affecting his throat, lungs and stomach. At first his symptoms were of a nature to cause anxiety though not alarm. Four weeks ago a turn for the worse occurred, and the developing damp of an untimely end—an early death—was apparent to all. His parents were summoned from their distant home, and the additional anguish of being away from their dying boy was not their portion.

Mr. Hilleary had been near dissolution from earthly ties for the past forty-eight hours. A strong vitality, supported by powerful drugs, prolonged his life. At the hour before mentioned his death took place—peacefully, calmly, with no apparent suffering, and thus is chronicled the snuffing out of a young life which should have just begun to blossom. We have our pen in the ink of sorrow and write his eulogy with the heart of love.

Coming among us in December, 1892, a total stranger, four years have not passed ere we record his claiming a place in the hearts of all—a vast concourse of our population who knew him but to love, reverence and claim his friendship with real joy. Gentle, handsome and intelligent, with the cultivation of refinement in his features and bearing, it is to wonder his death saddened so many hearts, who all through his illness have witnessed his friendship and interest in ministrations of kindness, acts of love and manifestations true and unmistakable. May his sleep be sweet, his rest most sure, and his future state that with the blessed, for into the hands of a merciful and loving God is his soul committed.

Charles T. Hilleary was born November 5th, 1868, at Petersburg, Md., a small city in Frederick county, which has been the abiding place of a long line of ancestry so closely linked with the history of Maryland as to be its synonym—men and

SUNDAY'S MEETING.

It Will Be Interesting to All Those Who Attend.

C. R. BOUTCHER WILL LEAD.

The Young Men's Christian Association is always on the alert for something that will please the male folks and at the same time give them that which will elevate and purify their thoughts and actions.

On last Sunday afternoon at the Gospel Meeting there were some excellent talks from young men who know the needs of their sex, their talks being capped by a fitting motto for the young men to hold on to by the Rev. W. O. Cochrane. An orchestra of seven pieces discoursed some of the sweetest music ever heard in the room.

Next Sunday Mr. C. R. Boucher of Covington, Secretary of the Railroad Department of the Y. M. C. A. in that city, will lead the meeting.

Mr. Boucher needs no introduction or words of commendation to our citizens, as he has been heard here frequently and stands high in the estimation of the people of this city, and they will give him a full house.

The music will also be a feature, is the rehearsal of the beautiful hymns in the Gales Book the past week places the musicians in better condition than they were on last Sunday.

Let every man turn out to the Sunday afternoon meeting, and all those that have them bring a Gales hymnbook with them and "make a joyful sound unto the Lord."

WEEKLY REPORT.

Condition of Kentucky Crops Up to Monday Evening.

The weather conditions of the past week were highly favorable to all agricultural interests. The first two days were cool, but the latter portion was abnormally warm. Light scattered showers occurred throughout the week, and though there was a fair percentage of cloudy weather, the amount of sunshine received was amply sufficient for the needs of vegetation, which made rapid progress during the week. A continuance of the conditions described is all that farmers could desire. The season is still backward, however, and farmers generally are pushing their spring work to the utmost.

WESTERN KENTUCKY.

The general tone of reports from this section are very favorable, except for the complaints of backwardness of the season, which, it would appear, is about two weeks late. Farm work has made great progress during the week. The greater portion of corn land has been

As in other sections of the state, the outlook for fruit is good, peaches and plums showing very fine blooms.

The tobacco plants are up in some beds and look well and are very plentiful. The correspondents generally report wheat to be in poor condition, though improved during the past week.

An Aggravant.

This is to certify that on May 11th I walked to Melch's drugstore on a pair of crutches and took a bottle of Chamberlain's Pain Balm for inflammatory rheumatism which had crippled me up. After using three bottles I am completely cured. I can cheerfully recommend it.

The men who stand by and see the life fading out of his wife's face, see her health going, see her becoming old and faded and wrinkled when she should still be in the prime of her life, and see her back to health and strength. Perhaps her husband cannot persuade her to go to her doctor, because she naturally dreads the inevitable "examinations" and "treatments." He can persuade her, if he needs persuasion, to take Dr. Pierce's Favorite Prescription. This truly wonderful medicine has cured hundreds of women after the best physicians have failed. It has been in constant use and treated every day for thirty years. It is an experiment, there are no chances about it. It is a certain cure for all derangements, weakness, irregularities and displacements of internal organs peculiar to women.
